CAVSE7

7 BOTTLES

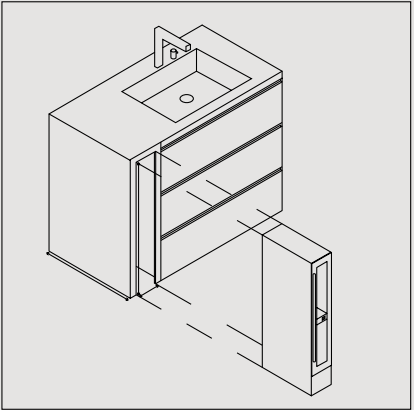

Provided with a leading technology, CAVSE7 built-in wine cellar allows you to preserve and enjoy your wine at the ideal temperature. This cave can store up to 7 bottles with its capacity of 22 litres.

In order to exalt all the aromas during your tasting experience, the wine requires a precise service temperature that you can adjust between 5°C and 22°C thanks to the digital display.

Its anti-vibration system and its stable temperature, allows your wine to reach maturity in the best conditions.

Its tinted glass and its LED light allow you to see your bottles while keeping them away from UV rays and direct light.

Equipped with a silent technology, this built-in wine cellar gives you extra comfort whilst bringing a touch of elegance and refinement to your home with its sleek design.

CAVINTG48

48 BOTTLES

Equipped with advanced technology, the CAVINTG48 built-in wine cellar fits seamlessly into your kitchen, with the option of adding a glass or solid panel for perfect integration with your furniture.

With a 134-litre capacity, it can store up to 48 bottles in a single temperature zone. The LED touch control allows precise temperature adjustment from 5°C to 22°C, preserving the aromas of your wines. Its anti-vibration system ensures stable conditions for optimal wine ageing.

Depending on the configuration, the CAVINTG48 can feature a glass panel and LED lighting, providing elegant visibility while protecting the bottles from direct light and UV rays. The full-panel version offers a discreet and refined look. Silent and discreet, the CAVINTG48 combines ease of use, performance and elegance, making it ideal for contemporary and high-end kitchens.

Bottle opening in 8 seconds

*2 functions: bottle opening
and wine cork release*

LED light indicators

Stainless steel body

USB charging

Accessories:

capsule cutter, USB cable

Suitable for all standard size wine bottles, the WOP660 corkscrew allows you to open your bottles in a few seconds and without any effort. Equipped with two control buttons, the device allows the automatic removal of the cork from your bottle but also the release of the cork.

The opening procedure is done cleanly and discreetly, without leaving any cork residue, even on the most damaged ones. Rechargeable in just 30 minutes, it is supplied with a USB cable and has a cap cutter to precisely remove the aluminium film covering the cork. LED indicators display when the unit is in use or charging. With its sleek stainless steel design, you can bring a modern touch to your table.

The WOP660 electric corkscrew is an essential tool for opening bottles with finesse and elegance.
