

hot water dispenser

perfectly pure hot drinks at any time of the day

The H.Koenig hot water dispenser allows you to have hot water whenever you need it.

Use this dispenser for all occasions to prepare soups, to brew tea, etc.

You no longer need to use a kettle. You can choose the perfect temperature and the ideal volume of water from 100 ml to 300ml thanks to it's non-stop function !

It's capacity of 2.2L make this product suitable for both office and home use. Very easy to use, you simply have to press the button to obtain perfectly filtered water at the desired temperature.

You can choose room temperature or adjust between 45°C and 100°C.

The anti-limescale water filter is easily replaceable and offers excellent water quality.

Its ergonomic design will fit perfectly in any room of your home or office.
