

HKoenig

pasta maker

homy90

The pleasure of fresh home-made pasta

Delicious homemade pasta with the HOMY90 from H.Koenig.

With a power of 220 watts, you can prepare up to 600g of fresh pasta in just a few minutes. Its intuitive LCD screen allows you to select from its 8 programs (6 automatic and 2 manual, including 1 gluten-free).

Equipped with an integrated scale, simply pour in the flour of your choice and fill its 375 ml water tank. The device then chooses the right amount of water and starts the preparation: mixing, kneading and extracting your dough. A built-in fan even dries the pasta as it comes out, preventing it from sticking together.

Supplied with 7 different moulds, make a wide range of recipes: spaghetti, tagliatelle, penne, fettuccine and lasagne.

Convenient, the appliance has an integrated drawer to store accessories. Easily dismantled, its parts are dishwasher-safe.

Thanks to its modern black design, it fits perfectly in your kitchen.

Treat your loved ones like a real Italian chef with the HOMY90 !
