

ice cube maker

you'll never be short on ice cubes again.

You will never be short on ice again with the H.Koenig KB12 ice cube maker.

Fast working, it produces up to 12 kg of ice cubes per day with a new cycle every 6 to 13 minutes. The production is automatic and can easily be controlled from the digital control panel.

Practical, you can also choose between two sizes of ice cubes according to your needs and desires. Serve them easily thanks to the provided ice scoop or removable ice tray.

The KB12, an essential for your picnics and summer nights.
