## oil press

Create your own 100% natural oil to garnish your dishes and cosmetics

Make your tasty homemade plant oils with the OLY900 oil press by H.Koenig !

Equipped with a 330 W heating power and an engine power of 180 W, extracting your own oil has never been that simple !

OLY900 offers 7 different programs according to the ingredients used: flax seeds, nuts, raw coconuts, argan seeds, almonds, etc. The extractor presses about 100 to 150 g of seeds in 3 to 5 minutes, and stops automatically at the end of the process. For an optimal use of the machine, opt for dehydrated seeds.

This mechanical press grinds ingredients thanks to its endless screw stainless steel, separating the oil from the pulp.

The integrated thermal control protects the oil from the heat. Thus, all the nutritional values, aromas and flavors will be conserved.

Thank to the pulp filter, keep pure, soft, and 100% natural oil. Oils can be used in you food, and in your cosmetics as well.

Endless screw protection and anti-blocking system guarantee use comfort.

Let yourself be led to your wished, and discover news tastes thanks to OLY900.
