## steam Generator Iron

### Iron efficiently without difficultys

The H.Koenig OPTIV8 steam generator iron, with its 6 bar pressure, ensures fast and efficient ironing. Dry cleaning effect guaranteed!

Save time with our optimal temperature technology! This steam iron adapts the temperature to all types of fabrics without any need for adjustment: cotton, cashmere, linen, denim... Switch from one fabric to another without having to wait or fear of damaging your clothes!

Its «UltraGliss» ceramic sole guarantees better gliding for quick and effortless ironing.

Its large removable water tank has a capacity of 1.7 litres and allows you to iron without interruption. An anti-limescale filter extends the life of your appliance: it prevents the formation of limescale in the tank and makes its maintenance easier. Safety is reinforced with its automatic shut-off in order to prevent any unintentional overheating.

A handy compartment is specially designed to store electrical cords and the steam cable can be wrapped around the base.

With the OPTIV8 from H.Koenig, get the optimal temperature for perfect ironing in no time!
