

portable charcoal barbecue

Enjoy a smoke-free barbecue wherever you want!

The RIO440 barbecue is ideal for good grilled food with friends or family.

The round shape allows a uniform distribution of heat from the central point, and thus offers optimal cooking of your food. The cooking grid with a diameter of 31 cm is removable and can be fixed with safety handles.

Thanks to the adjustable ventilation speed, your ingredients are cooked within a few minutes!

Designed not to let the cooking juices run on the charcoal and releases very little smoke unlike conventional barbecues.

Heat resistant, it does not burn to the touch even during use.
