vacuum cleaner Silence+

Silent bagless vacuum cleaner

Stop using dust bags that clog and lower the suction efficiency, the SLC80 uses its cyclones to propel dust and dirt directly into the transparent tank.

Its suction power and HEPA filter help you fight against dust mites and allergies thanks to a profound suction of all your floors and fabrics.

Very discreet thanks to its silent multi cyclonic technology: you'll barely hear it while using it!
Its removable and transparent container is easily disassembled, to allow you to empty it in no time.

The bagless vacuum cleaner Silence + SLC80 H.Koenig: your new daily ally!
