

bagless vacuum cleaner “home care”

Filters 99,95% of particles.

Because of our modern environment, we are exposed to a large number of particles which are harmful to human health. Most of the vacuum cleaners are inefficient for tackling this issue by letting the particles pass by. With its new exceptional filtration system and its HEPA13 filter, the H.Koenig STC90 allows you to block up to 99.95% of the particles that you can find in the environment including the mites. Effective while respecting the environment, the STC90 bagless vacuum cleaner “Home Care” is also classified **A** for its suction power on hard floor and for its quality of filtration. A regular and efficient vacuum allows you to significantly reduce all the allergy risks in particular those induced by pollen and mites. Thanks to the STC90 bagless vacuum cleaner “Home Care”, sanitize sustainably your house for the welfare of your relatives!
