## robot vacuum cleaner WaterMop Wifi+

Connected, it will vacuum and clean to make your life easier

The H.Koenig robot vacuum cleaner Watermop Wifi+ SWRC110 cleans for you! You can now control your vacuum cleaner remotely through the Cleanbot, a wifi-enabled application.

Do you have guests coming over tonight?

Launch the remote vacuum suction program and find a clean floor when you come back home. Wherever you are, program up to 4 different cleaning programs per week. It picks up dust and cleans all types of floors thanks to its 180ml water tank that continuously supplies an absorbent microfiber wipe. Its suction efficiency and dual brush system cleans all surfaces. The SWRC110 is equipped with a high performance HEPA filter for an optimal filtration quality. Based on the latest technology in optimized space management, it optimizes its navigation in your home. With its sensors, it detects empty spaces, obstacles and all types of debris to be more efficient. You can also create a virtual wall to delimit the cleaning areas.

Useful, the SWRC110 automatically gets back to its charging station at the end of its cleaning cycle to recharge its battery.

The connected SWRC110 robot vacuum cleaner, simplifies your daily life!
