

wireless 2-in-1 vacuum cleaner PowerClean

essential for cleaning your home
from floor to ceiling

The UP610 2-in-1 cordless vacuum cleaner will allow you to clean your home from floor to ceiling. Rechargeable, it offers you up to 50 minutes of vacuuming to remove all your dust in a single pass. With its 22.2 volt power, its lithium battery allows for extended autonomy. Compact and equipped with an ergonomic handle, this vacuum cleaner is easy to handle and lightweight.

Its detachable aluminum tube allows you to choose between the stick vacuum cleaner and the handheld vacuum cleaner function. Its brush allows it to stand upright without a support, making it easier to store and use on a daily basis. Its accessories allow you to clean hard-to-reach areas in your home: shelves, above cupboards, under furniture and in corners.

The efficient UP610 uses its bagless cyclonic system to propel dust and dirt directly into the transparent tank. It has three suction speeds to adjust the power to your needs. With the UP610, you won't miss a single space in your home!
