up700

wireless 2-in-1 vacuum cleaner PowerClean +

PRODUIT RÉPARABLE 10 ANS

Essential for cleaning your home from floor to ceiling

The UP700 wireless 2-in-1 vacuum cleaner is perfect for cleaning your home from floor to ceiling. It is rechargeable and provides up to 35 minutes with 120 watts to vacuum all the dust in one go. With its 22.2 volts, its lithium battery power provides a long autonomy.

Compact and with an ergonomic handle, this vacuum is light and easy to hold. Its removable aluminium tube allows you to choose between the hand vacuum and upright vacuum functions. Thanks to its accessories, you can clean the corners that are hard to reach in your home: shelves, above and under your furniture and in corners.

Efficient, the UP700 uses its bagless cyclonic system to propel dust and dirt in a stainless steel filter in order to send it directly into the transparent tank. It is equipped with two suction speeds to change the power according to your needs.

With the UP700 you will be able to clean every part of your home!
