

BAGLESS VACUUM CLEANER «HOME CARE»

Because of our modern environment, we are exposed to a large number of particles which are harmful to human health. Most of the vacuum cleaners are inefficient for tackling this issue by letting the particles pass by.

Thanks to its new exceptional filtration system and its HEPA13 filter, the H.Koenig STC90 allows you to block up to 99,95% of the particles that you can find in the environment including the mites.

Sanitize sustainably your housing for the welfare of your relatives!

Effective while respecting the environment (classified A for its energy effectiveness), the STC90 bagless vacuum cleaner "Home Care" is also classified A for its suction power on hard floor and for its quality of filtration.

The STC90 is equipped with a multi-cyclonic system that propels dirt and dust directly into its removable and transparent tank.

Thanks to a regular and efficient vacuum, you significantly reduce all the allergy risks in particular those induced by pollen and mites.

The STC90 bagless vacuum cleaner "Home Care", your new cleaning ally for a sanitized environment!

Features

- Bagless polycyclonic vacuum cleaner
- Filtration quality: Filter HEPA 13
- Telescopic metal tube
- Suction power control
- Tank capacity: 1.5L
- Suction radius: 7.5m
- Power cable: 5m
- Accessories included:
Crevice tool
& double position brush

Logistical details

- QTY container: TBC
- QTY pallet: 24 pcs
- Packaging dimensions:
46x41x30 cm (L*H*D)
- Product dimensions:
34,5x33x25,5 (L*H*D)
- Gross weight product: 7,5kg
- Net weight product: 6,2kg
