

# ROBOT VACUUM CLEANER

Looking for a robot which takes over your cleaning tasks? It's now possible thanks to the H.Koenig SWR28 robot vacuum cleaner.

H.Koenig is using the latest technology for this new generation of robotic vacuum controlled by an intelligent algorithm.

With its small and thin size, the SWR28 goes everywhere. Using its several sensors, it identifies gaps and obstacles, making the cleaning more efficient.

This robot vacuum cleaner has a charging base to which it goes back automatically if the battery is low or if everything has been cleaned. It is also equipped with a virtual wall allowing you to define the cleaning areas.

Its dual brush system allows it to be more efficient.

**The robot vacuum cleaner H.Koenig SWR28 will do it for you!**
