

IRON STEAM STATION «CERAMIC» SOLEPLATE

Looking for a fast and easy ironing system that gives you perfect results?

This is possible with the H.Koenig V6 steam station which has unlimited autonomy.

The V6 is using the latest technological evolutions: electronic temperature and steam control - via an electronic display system with LED module that allows you to select the type of laundry you are ironing. It also has a 1.7 liters detachable water tank which can be taken off while in use.

You'll love its features : powerful and continuous steam (3.5 bars) whilst ironing, «Ultra Gliss» ceramic soleplate which makes the steam generator glide over your clothes, steam delivery of 90 grams and a power of 2400W.

Easy to store thanks to its carry handle, you will soon not be willing to iron without it!
